Brushed

Textured

Product Description

Type: Softwood

Species: North American Hemlock

Grade: 85/15 Vertical Grain

Use: Interior & Exterior

Applications: Decking, fencing, siding, soffit, ceiling & architectural millwork

Product Specifications

Nominal Thickness: 1x, 2x

Nominal Width: 3", 4", 6", 8", 10"

Length: 6-18' + 1-3% of 3-5' (odds & evens)

Pattern: S4S, T&G, Shiplap

Texture: Smooth, Brushed, Textured

Finish: Sandpiper

Fire Rating: WUI Approvals

Applications

Nusku Thermacor Hemlock can be used for a broad range of interior & exterior applications. When modifying softwood species like Hemlock, a single cook temp modifies the wood at a cellular level. Thus our Thermacor Hemlock can be used in any horizontal or vertical application.

Maintenance & Resistance

Nusku Thermacor can be a low maintenance wood that does not require any additional treatment beyond normal cleaning. If maintaining the color is desired, ongoing maintenance & refinishing is required as moisture/UV exposure will cause natural wood products to develop a silver patina over time. Consult with our team on how best to plan for your Thermacor project.
